Full-Stack Developer | IT Support | Social Media Designer

Full-stack developer with hands-on experience in React, Next.js, Node.js, TypeScript, and API development. Skilled in Linux, troubleshooting, and creating social media content using Canva and AI tools. Fast learner with a problem-solving mindset, focused on building clean, scalable, and user-friendly solutions. I combine technical expertise with creativity to deliver modern digital experiences and I'm always eager to learn new technologies to contribute to impactful projects.
